College Life	10				
Other	10				
Total	70				

Note: You should have a clear picture of what you are looking for in a college or university. Use the above form to gauge your interest or important factors to consider when selecting a college. In other words, you are assessing "fit" (academic, social, and financial).

Column 1: List some important factors you are looking for (desire) in a college or university.

Column 2: All ideal values are set to "10".

Column 3: Rate each factor in terms of importance to you using a scale of 1 to 10, 10 being highest.

Columns 4 and 5: Rate each factor listed in Column for the school you are attending. Be prepared to discuss in class or with classmate.
